It is requested that your office, with the assistance of the EAA and regular Agency joggers, plan an Agency five mil run for next spring, preferably in April. It is suggested that the present course being used during daily runs on the Federal Highway Administration road be used if held during a normal work-day; or, that a course around the Agency compound be used and held on Saturday morning. Age group trophies could be given in each age category, male and female, for the top finishers and certificates of participation could be given to all persons.
